There are many hard working students, "the men behind the headlines," who cooperate with department heads to meet deadlines. The typists, headliners, proofreaders, reporters, feature writers, Frosh and soph cubs all devote their time and talents to put out Astoria High's newspaper.

ZEPHYRUS

The Zephyrus is the annual at the Astoria High School. Many hard hours of work are put into this book by the editor and other members of the Zephyrus staff. They begin their work in the fall and their worries aren't over until the book is distributed to the students. After all pictures are taken and sent to the engravers, writing and rewriting begins and when finished, the copy is released to the Astorian-Budget.

STUDENT STORE

The student store under the advisory of the student council is an innovation of Astoria High.

Serving as the manager, which is a student body office, will be Sandy Winters. To assist her will be a special group of students to work in the store.

RALLY SQUAD

The Rally Squad is made up of three students who are selected by the student body for their ability in pep, sportsmanship and leadership. The main purpose of the Rally Squad is to inspire pep, encourage school spirit, and to lead the students in yells by attending all school games, rallies and pep assemblies. A yell queen or king is elected each year in a separate election by the student body. The yell queen for the school year of 1954-55 is Billie Ann Lempea and assisting her are Joanie Matthews and Judy Wogberg.

PEPSTERS

To help promote pep and spirit at sports activities are the Pepsters. They are composed of seven girls, either junior or senior, each wearing a letter making up the name Astoria. They are elected by the student body to lead songs and work with the Rally Squad.

Class Day

TRADITIONS

Each year the students at AHS carry out certain activities set up by former students. We shall try to mention a few of these.

"Hello Day" is one of the first days of school. Its purpose is to help old and new students become acquainted. Hello tags are given out by the Service Club, the sponsors of this day. You are to say "Hello" to everyone you meet all day long.

During the year different clubs sponsor various dances which are open to all students. These are usually informal and school clothes are in order. All outside dates must get guest cards signed by an advisor and the principal.

The Senior Ball is a formal dance given entirely by the seniors and their advisors. The dance is held sometime in December. The theme is always kept secret until the night of the dance.

The juniors give their annual dance in the spring of the year. It is a formal dance put on much the same way as the Senior Ball. There is much rivalry between the two classes as to which can put on the better dance.

The Soph Hop is a cotton and cord dance given by the sophomore class. The sophomores pick a theme as the juniors and seniors do, but their dance is not so elaborate.

Last but not least is the Freshman Cotton and Cord Frolic. The freshmen prove that they have talent by putting on one of the most successful dances of the year.

Each spring many clubs take advantage of nice weather to hold picnics, parties or potluck dinners. These provide a happy climax to the year's activities. These usually take place at the beach.

Class day is the climax of the year next to commencement, for the senior class. The will and prophecy are read and everyone enjoys the gay assembly.

Let's all remember these traditions and hold in mind that it takes full student body cooperation to make them a success. It's up to you.

DEAN'S ROOM

The Dean's room is a room in which girls who become ill during school hours may go and rest.

The Dean's room is under the supervision of Miss Upham and during the six periods of the day she has helpers who are called Dean's Lieutenants.

This room is not to be used by any student as a study hall.

REGISTRATION AND FEES

Registration for the next school year is at the end of the preceeding school year. At this time, students are required to fill out a schedule program for the following year, listing all elective and required subjects. A complete four year program is also projected by each freshman to provide direction to his high school program. This forecast may be changed to fit changing needs of the student.

STUDENT BODY ACTIVITY TICKET

A student body activity ticket is bought by every student at the first of the year who wishes to be a member of the student body. The ticket cost $5.00 and enables the purchaser to attend all games, plays, concerts, and other student body privileges, and to receive the Astor Post free of charge.

STUDENT INSURANCE

This is a Student Mutual Benefit Plan which covers any accidental bodily injury that may occur from the time you leave home directly at the close of school. This is also subject to special limitations. The price is $1.50 per student and will pay a maximum up to $300.

TUITION FEES

Non-residents, that is pupils whose parents live outside of the Astoria school district, are allowed to go to Astoria High School if there is no accredited high school in their district. In this case, the school district from which the student comes, pays the tuition. If a student lives within a district where there is an accredited high school but insists on coming to Astoria High School, he then must pay tuition. Students over 21 years of age must also be required to pay tuition.

SCHOOL FINANCES

Money from all organization in the Astoria High School is deposited through the office. Two sets of books are kept, one by the faculty financial adviser, Miss Lamb, and one by the treasurer of the student body. Each class and organization keeps a separate account of all receipts and expenditures. These books are checked monthly with the books of the financial adviser.

The student body funds are expended by action of the student body, and organization funds by action of the club or class adviser. All purchases must be preceeded by a requisition signed by the advisor and principal. All bills are paid by checks signed by the principal. A financial statement of all money received and expended is made each month and filed in the office.

REPORT CARDS

Report cards are a means of letting the parents know how well their students are doing in their subjects.

Report cards are issued every nine weeks and are marked either A, B, C, D, or U. A meaning (93-100) Superior, B (86-92) Excellent, C (77-85) Average, D (70-76) Passing, and U (Below 70) Failure.

Report cards must be signed by a parent or guardian and returned to school.

If a report card is not returned to school a fee must be paid for making out a new card. This fee is ten cents.

DIRECTIONS FOR STUDY

1. Follow your program regularly.
2. If possible, study your lesson immediately after assignment is made.
3. Take brief notes and afterwards study by outline.
4. Use dictionary and reference books for points not clearly comprehensible.
5. Concentrate so that outside interests will not frequently disturb your study.
6. Do not try to commit exact words until you understand the content.
7. Connect the important facts of the new lesson with facts previously learned.
8. The extra efforts spent on preparation pay the greatest intellectual dividends

STUDY HALL REGULATIONS

Students leaving a study hall for another room or the office, must sign up on the study hall slip which is provided by the teachers in each room. Not more than one boy and girl is permitted to leave the room at one time, everyone

being required to return within a three-minute period if not excused for a longer time. Students should not converse with each other except when granted permission by the teacher in charge. When permission has been granted, the pupil should communicate only for a reasonable time.

THE LIBRARY

The library has carefully selected books for you to use in your school work and to enjoy for home reading. In your library, you will be able to find information on every subject in which a student may be interested. The best books, old and new, are available for your pleasure reading. While in high school, learn to read with understanding and to use the library intelligently.

Arrangement of Books in the Library

To keep library books in order, and to make it easy to find them, a number is used to represent each subject, and all books on the same subject have the same number. The books in this library are arranged on the shelves in numerical order according to the Dewey Decimal Classification, which divides all books into ten classes.

How to Find a Book

1. The Card Catalog is the index to the library. It is a cabinet of drawers containing cards for all the books in the library. The cards are arranged alphabetically like words in a dictionary.
2. There is a card in the Catalog under the name of the author of each book in the library. There is also a card for the title of every book, and other cards with subject headings.

3. The number in the upper left corner of the catalogue card tells the exact location of the book on the library shelves. If there is no number on the card, the book is fiction.
4. Use the Card Catalog to find out whether the book you want is in the library, and if so, in what part of the library it can be found.

How to Borrow a Book

1. Select a book and take it to the Loan Desk. Sign your name on the card in the back of the book. Present the book and the card to the library assistant who will stamp the date due.
2. Books may be taken out for a period of two weeks, unless they are marked overnight books. Overnight books must be returned by 8:40 the next morning.
3. Reference books, such as encyclopedias, atlases, etc., cannot be taken from the library.
4. Circulation of books, magazines, pamphlets and phonograph records, are generally circulated for a period of two weeks. Books may be renewed if they are not reserved for someone else.
5. To take out a magazine, make out a slip giving the name, date of the magazine you want, with your name and English room. This is also done for records. Pamphlets are taken out by presenting the pamphlet to the librarian, who will give you a slip to sign, and will stamp the date due.

Fines

Fines for overdue books are one cent a day if the fine is paid in cash when the book is returned or two cents otherwise. Overnight books that are late or overdue cost ten cents. Overnight books are due the following morning at 8:40.

Use of the Library

Students who wish to use the library must first have their library pass signed by a class room teacher and then by their study hall teacher. This slip is placed by the student in the box on the return book table. It is stamped by the librarian and returned by the librarian to the study hall teacher, not the student. Students are required to be in the library by the first five minutes of the period or they will not be admitted. Students remain in the library until the bell rings at the end of the period.

Students are expected to read or study quietly without talking. When the bell rings at the end of the period, put your magazines or books back and replace your chairs. Students may obtain Free Reading Passes from the Librarian permitting them to the library with the approval of their study hall teacher. While there, they may read any library material they wish. Passes are revoked when the student bothers others trying to study by talking loudly. The reference room is reserved for people who have reference work to do. Please receive permission from the librarian before you enter the reference room to study.

Librarians

The librarians and the student librarians are in the library to help. If you are having difficulty finding the answer to a question, or selecting a book to read, ask any one of the librarians for help. We maintain a picture collection and files of book covers to help in book reports.

Hours

The library is open from 8 o'clock until 4 o'clock. Students may enter the library freely before and after school and at noon. All students are expected to move quietly and create no disturbance.

FIRE DRILLS

ATTENDANCE AND EXCUSES

Prompt regular attendance is necessary for successful work. Therefore students should be absent or tardy only when unavoidable. In cases of absence the student, upon returning, should bring a written excuse stating the date and cause of his absence and bearing the signature of his parent or guardian. This is presented at the desk in the Dean's Room. Students who fail to bring an excuse are given a temporary unexcused absence form, which will be replaced by an excused absence form when a satisfactory excuse is brought from home.

Pre-Excuses

Students wishing to be excused from any or all classes in advance must secure an excuse blank at the office and have it filled out by all of the teachers on your regular schedule. After the dean has signed the blank, it must be returned to the office.

Tardiness

Students not in their seats when the bell rings are considered tardy. In such cases a tardy slip must be obtained from the Dean's Room. Persistent tardiness will not be allowed.

STUDENT EMPLOYMENT

Many High School students are partially self-supporting by working after school. Students are able to secure various types of employment by talking to the Dean of Boys in his office.

LOST AND FOUND

For your convenience and benefit a lost and found department is maintained in the dean of girl's office. All articles, with the exception of books and other school equipment found about the school should be turned into this office.

CAFETERIA

The cafeteria in the lower floor serves wholesome lunches at a very reasonable cost. Lunches are to be eaten in the lunch room and rooms 1, 2, 4 and 5, and the trays are to be brought back to the cafeteria and stacked when through. Lunch tickets can be purchased in the book room, which is directly across from the office, every morning and at noon at the same location.

LOCKERS

Lockers are a storage compartment in which students keep their books and necessary school equipment.

Lockers are issued at the beginning of each school year upon entering school. A locker may be shared by two or more students and it should be remembered that whether the locker is used by one or more persons, it should be kept clean and neat.

If a student desires to place a lock on his locker he may do so.

BULLETIN BOARDS

There are four bulletin boards in the halls of AHS. They are located at each end of the second and third floor halls. On bulletin boards in the west end of the building, one can find information of general student body activities. On the second floor, west bulletin board, can be found information of the Library's activities; while the bulletin board on the east end of the third floor will have scholastic information posted.

TELEPHONE

There is a pay telephone in the main hall outside the office for use by students. Students are permitted to use the school phone for business or emergency only. Students will not be excused from class to answer the phone except in an emergency.

PARKING AREAS

Students who bring their cars to school may park them in the student parking lot in back of the school. The space on 16th street and on Jerome is reserved for teacher parking. Students may park in the space beside Patriot's Hall, except

in the shop loading zone. No cars may be parked at any time on the opposite side of 16th street in the school area. The students may not move their cars at noon without special permission from the principal or dean of boys.
